

Van Upfitting Spec Sheet

Planning sheet for one-off builds, prototype vans, and repeatable fleet layouts

Complete this sheet before requesting a van build or fleet review. The goal is to capture the vehicle, the trade workflow, and the layout priorities so Fine Edge can quote the right system the first time.

1) Vehicle Profile

| Field | Fill In |
|--|---------|
| Company / client | |
| Primary trade (HVAC, electrical, plumbing, etc.) | |
| Vehicle make / model / year | |
| Wheelbase / roof height | |
| Fleet size (single van or # of units) | |
| Requested install window / downtime limits | |

2) Required Build Elements

- | | |
|---|--|
| <input type="checkbox"/> Shelving system | <input type="checkbox"/> Drawer banks |
| <input type="checkbox"/> Bulkhead / partition | <input type="checkbox"/> Ladder rack |
| <input type="checkbox"/> Roof storage | <input type="checkbox"/> Bin rails / bins |
| <input type="checkbox"/> Work surface | <input type="checkbox"/> Generator / equipment mount |
| <input type="checkbox"/> Power / inverter panel | <input type="checkbox"/> Tie-down points |
| <input type="checkbox"/> Custom brackets | <input type="checkbox"/> Other specialty fabrication |

3) Layout & Workflow Priorities

| Priority | Describe Workflow Need |
|-------------------------|------------------------|
| Most-used tools / parts | |

| | |
|------------------------------------|--|
| Heavy items to keep low | |
| Driver-side priority zone | |
| Rear-door priority zone | |
| Security / lock-up concerns | |
| Future expansion items to plan for | |

4) Material & Finish Direction

| Decision | Option A | Option B | Option C |
|--------------------|--------------------------------------|--------------------------------------|--|
| Preferred material | <input type="checkbox"/> Aluminum | <input type="checkbox"/> Steel | <input type="checkbox"/> Not sure |
| Finish | <input type="checkbox"/> Powder coat | <input type="checkbox"/> Raw/brushed | <input type="checkbox"/> Match fleet colors |
| Install type | <input type="checkbox"/> In-shop | <input type="checkbox"/> On-site | <input type="checkbox"/> Staggered fleet rollout |

5) Sketch Layout / Shelf Zoning Notes
